

# SOUTHWELL

## STUDENT IMMUNIZATION VALIDATION RECORD

STUDENT'S FULL NAME: \_\_\_\_\_

DOB: \_\_\_\_\_

COLLEGE/UNIVERSITY: \_\_\_\_\_

STUDENT ID# \_\_\_\_\_

PROGRAM OF STUDY: \_\_\_\_\_

**Instructions: The Healthcare Provider reviewing the student's immunization records or providing the vaccinations, should record the exact dates each immunization was received. This form should be submitted to Southwell along with other required Orientation materials required as pre-requisites to beginning clinical rotations.**

IMMUNIZATION	DATE	DATE	DATE	DATE	REQUIREMENTS & RECOMMENDATIONS
Tuberculin Skin Test					Annual proof of negative TST within previous 12 months OR if the person has a history of a positive TST, a chest X-ray report is required
Measles/Mumps/Rubella				Titer	Documentation of 2 MMR vaccines OR a MMR titer validating immunity. (It is recommended that the titer be drawn at least 6 months prior to starting rotations so that vaccinations can be completed if the titer does not validate immunity.)
Varicella (Chicken Pox)				Titer	Documentation of 2 Varicella vaccines OR Varicella titer validating immunity. History of disease does <b>not</b> meet the requirement. (It is recommended that the titer be drawn at least 6 months prior to starting rotations so that vaccinations can be completed if the titer does not validate immunity.)
Tdap					<b>Tetanus/Diphtheria/Pertussis</b> One adult booster after age 10 years (even if a Td has been received within the previous 5 – 10 years, a Tdap containing the Pertussis component is required)
Hepatitis B Series				Titer	Documentation of all 3 vaccinations in the Hepatitis B series is required or a Hepatitis B titer validating immunity. It is recommended that after the series is completed a titer be completed to assure immunity.
COVID-19 Vaccination					If declining, request a Southwell Declination Form. Please see the Declination Statement below. (2 Doses of Moderna or Pfizer vaccine required or 1 dose of Janssen. Booster, if applicable, recommended not required)
Seasonal Influenza Vaccination					Southwell must receive, by October 31 <sup>st</sup> of each academic year, documentation that the student has completed the current year's Influenza vaccination. Students not enrolled in the Fall Semester of the academic year must provide proof of vaccination to Southwell by January 15 <sup>th</sup> of the Spring semester. Vaccine proof required October 1-March 31 annually
Meningococcal Vaccine					Required for students who will be working in the Microbiology Lab area.
Declinations					Southwell will consider Medical Declinations for vaccine requirements signed by a HealthCare Provider who can document the physiological reason the vaccine cannot be given to the student. Religious Declinations will also be considered. All Declinations must be attached to this Validation Form at the time of submission to Southwell for review for clinical rotation.
