

New Virtual Option!

Southwell Connect is now offering same-day virtual appointments!

Hours: Monday - Thursday 8:30 am - 4:30 pm

Call **229-353-4115** to schedule a virtual visit for the following minor illnesses and injuries for patients ages 6 months and older.

- Cold
- Ear Infections
- Flu
- Sore Throat
- Sinus Infections
- Urinary Tract Infection
- Sprains
- Bronchitis
- Strains
- Other Minor Health Problems

Southwell Connect's virtual convenient care visits aren't meant to replace your primary care physician. Use this convenient virtual service when you can't get in to see your physician for a minor injury or illness.

Here's how it works.

- 1 Call (229)353-4115. You can call to schedule your appointment from any device, but your appointment must be conducted on a mobile device with Wi-Fi access.
- 2 A member of our team will schedule a same-day appointment to be seen virtually by one of our providers.
- 3 You will receive a text message prior to your appointment.
- 4 Follow the instructions on the text message, and your provider will connect with you shortly.

It's as easy as that!

No more driving and waiting to see a provider for your minor injuries and illnesses. Virtual visits are private, secure, and easy to use.
