Give to one or give to both

Straight contribution. Your contribution can go straight to the Tift Regional Medical Center Foundation for a 100% federal tax deduction or directly to Tift Regional Medical Center (TRMC) and/or Southwell Medical through Georgia HEART to receive a 100% state tax credit*.

Bundled contribution. You also have the option to split your donation between the TRMC Foundation and Georgia HEART and take advantage of both the federal and state tax incentives.

*Contingent on state approval of tax credit application and if annual caps have not been reached yet for the year.
